

FURTHER EDUCATION PARTNERSHIP

The Further Education Partnership is a new service providing interim and consultancy services to a range of colleges and training providers across the country.

We are quickly gaining a reputation for providing high quality support at competitive rates. We have a number of high calibre consultants supporting colleges who have had their contracts extended, a certain testament to the service being provided.

With over 50 years' combined experience in the sector, we are confident in our ability to meet your requirements. We strive to create the best fit solution and an honest appraisal of possible alternative solutions will be provided.

Having built a comprehensive knowledge base of professional and reliable interim consultants, we are well connected in the sector and are able to provide interim consultants in the following areas;

- MIS
- Admissions
- Student Services
- IT/ICT/ILT
- Finance

Examples of work undertaken to date include;

- Short-term and medium term interim MIS support, covering a recruitment period.
- Full curriculum planning for all funding streams, including Apprenticeships.
- Remote VPN support producing internal SAR reports.
- Interim support, rationalising a KPI reporting system and making recommendations for staffing and structure.
- Support with the tailored implementation of ILP software.
- Remote VPN support with the preparation of OFSTED inspection reports
- VPN remote support for MIS database maintenance and capacity support.
- Providing support to a Training Provider with their ESFA Registration application process.
- Support with the implementation of Teaching Observation software.
- High level interim support for Student Services.
- Support for Higher Education award processes.
